

1. Login

username: eupathdb (choose the icon labeled “eupathdb”)
password: gnubugs5@

2. Find your number

- Notice the label on your computer: GNBCHXX::155.nn
 - The **nn** portion is your computer number.
 - **Write down this number here:** _____.
 - You will need this number later for the survey.

3. Navigate to the workshop schedule

- **Please use the Firefox browser.**
- Launch the browser and navigate to the web site for this year’s EupathDB workshop:
<http://workshop.eupathdb.org/current>.
- Click on “SCHEDULE” on the menu bar to bring up the workshop schedule.

4. Introductory Survey: Workshop Vocabulary (8:45 – 9:00 am)

- Follow the “Introductory Vocabulary Survey” link from the survey page. Complete the survey.

5. Site Usability Exercise (9:-00 – 9:45 am)

a. Turn on screen recording (Camtasia)

- Click on the Camtasia 2 icon in the dock at the bottom of the screen
- Select “Continue Trial” when this box comes up:

- If asked to Check for updates, select “Don’t Check”
- The Camtasia software will start up. To initiate recording, click this button near the lower left of the display:

- Then, when this Camtasia control box comes up, click “rec”

- The main Camtasia window will close but you should see a countdown occur and then see a film icon on the top menu bar, on the right side: 
- You are now recording. Thanks!

b. Exercise

- Go to the PlasmoDB site: <http://plasmodb.org> and use the site to answer this question:

How many P. falciparum genes that are annotated as a kinase have between 1 and 5 transmembrane domains?”

- Write down your answer **here** _____.
- Then **download the results** of your search to the desktop.

c. Survey

Before leaving the search page, please complete this survey about your experience:

<https://www.surveymonkey.com/s/9KKM8R6>

d. Turn off screen recording and save the file

- Click on the little red film icon at the top right of the menu bar:  and select “Stop Recording”
- Choose File, Save-As
 - Save As: Usability
 - Where: Documents
 - ✓ Create standalone project

and click “Save”

- After the Save has completed (this may take a while) you can exit Camtasia by Choosing “Camtasia 2” from the top menu bar and then selecting “Quit Camtasia”.

Your screen is no longer being recorded. Thank you!
