

New Features Testing (Wednesday 11:30 – 12:15)

Please help us evaluate our new page for accessing data set records by attempting to answer these 10 questions that exercise the new data set's page. We'll ask you to record your answers to these questions and then complete a short survey. Be assured that it is okay if you don't complete the tasks. Please be sure to complete the survey, even if you can't answer the questions.

Please enter the answers to questions 1 through 10 in this form:

https://ugeorgia.qualtrics.com/SE/?SID=SV_4URUJhFG2oBbSRL

Answer the following questions using the dataset page at this URL:

<http://plasmodb.org/plasmo/app/answer/DatasetQuestions.AllDatasets?numrecs=1000&offset=0>

1. How many RNA sequencing datasets are in PlasmoDB?
2. How many datasets were submitted by Wieteke Hoeijmakers?
3. What type of data is the "Life cycle expression data (3D7)" dataset?
4. What organism/strain of parasite was used to produce the dataset named "Life cycle expression data (3D7)"?
5. How many samples were analyzed for the dataset "Life cycle expression data (3D7)"?

Answer the following questions using the dataset page at this URL:

<http://plasmodb.org/plasmo/getDataset.do?display=detail>

6. How many proteomics datasets are in PlasmoDB?
7. How many datasets were submitted by Matthew Berriman?
8. What type of data is the "MNase-Seq Nucleosome Occupancy" dataset?
9. What organism/strain of parasite was used to produce the dataset named "MNase-Seq Nucleosome Occupancy"?
10. How many samples were analyzed for the dataset named "MNase-Seq Nucleosome Occupancy"?

Survey: Please complete this survey after attempting to answer the 10 questions above.
